### Report:

Final match of the season, and a fabulous result. Solid performance all round with everybody playing at the top of their game. Many thanks to David for covering for Chris so well. That's 5 wins from 6. Hopefully that means we have won the league, but still waiting for confirmation that this is the case. League tables have not up to date and we don't know if there have been any walkovers which would affect results. So celebrations are on hold for the moment ..... but fingers crossed we're into Europe next year!
