### Report:

The evening started well with all 6 team players arriving on time and at the correct venue. This is not something taken for granted and boded well for the evening. All three pairs took their first rubbers, with Mike and James putting aside their nerves from the first end to win convincingly. This new pairing proceeded to play well throughout the evening and take all their rubbers 2 - 0 with a mixture of attacking and defensive play and tireless energy on Mike's part.

Ross and I struggled to find our game, particularly in our second rubber in which we were out-played and lost 2- 0. The collapse was not unlike England's efforts against the West Indies in the T20. We took our other rubbers, but not without some effort.

Scott and Karthik, the latter making his debut for the team, played well, and noticeably improved as the evening progressed. They worked well as a pair with some good offensive badminton being played.

Many thanks to our cheerleaders and to Carol for keeping the scoresheet. The next match is on Thursday 10 November at Home to Cheverell's so here is looking forward to that encounter.

Thanks to all who played for the efforts and contributions to an unhealthy but yummy tea. See you all on court!
