### Report:

This was the day that the Invincibles were vinned! Guru & Mike, unchallenged thus far this season began this match in their usual competent style but ended with a defeat thus pilling the pressure upon the rest of the team.

The match was conducted in a manner devoid of humour. Not that we expected the constant telling of jokes or acting the fool, BUT, 30mins after the due start was the first appearance of a Hawks representative! Then, to add further insult we were instructed to warm up using old featherless shuttles whilst our dutiful hosts used new birds! With no refreshments offered, and no contact during the whole evening save checking the final scores, Hawks will definitely not be receiving our vote for the best hosts. If this was a deliberate unstablising ploy on Hawks behalf then it sadly backfired. David Westwood took on a personal mission to destroy the opposition almost single handedly. Assisted in some part by Craig the paring won all 3 rubbers in double quick time, conceding only 61 points.

Not to be totally outclassed James & Dave won 2 of their 3 rubbers, improving immensely on their last outing. Guru & Mike won through in their 2nd & 3rd rubbers giving us a satisfactory 7-2 victory.
